**Praise Wilson's Decision  
In Calling Extra Ses-  
sion of Congress**

## MET INSTANT RESPONSE

**Clark, Williams, Bryan and Dix-  
on Promptly Voice Their Ap-  
proval of Action Taken**

## REPUBLICANS VIEW SITUATION

WASHINGTON, NOV. 15.—General approval was voiced in Democratic circles tonight over President-elect Wilson's decision to call an extra session of congress to revise the tariff the announcement was in line with almost universal approval of the house and senate leaders and it met instant response tonight from Speaker Clark, Senator Williams, William Jennings Bryan and from Senator Dixon. Colonel Roosevelt's campaign manager, Early in the day Speaker Clark had voiced his desire for the extra session in strong terms. A similar statement had been made early in the week by Senator Martin, Democratic leader of the senate. The news from New York tonight cleared the congressional air of the uncertainty that had existed; and paved the way for active work on the part of Democratic managers during the coming weeks, in preparation for the April convening of the tariff session.

Some Republican opposition to the special session was apparent among members in the capital tonight. Although the white house would not comment upon the announcement from New York friends of President Taft said the latter had hoped the Democrats would not bring on any further "disturbance of business." Senator McCumber of North Dakota, Republican, said he favored getting it over with. In all Democratic quarters, however, the extra session was strongly approved.

With the attitude of Governor Wilson known, congress will begin within a few weeks the task of preparing for the arduous work of another tariff revision. The approaching short session which ends March 4th, when the Republican administration goes out will be engrossed with annual appropriation bills and routine business, but the ways and means committee of the house will probably begin work on the new tariff bills early in January.

Members of the ways and means committee, which is charged with the duty of framing all tariff bills, agree with the position taken by President-elect Wilson that repeated investigations of tariff schedules have made unnecessary a long investigation preliminary to making new measures for the extra session.

William Jennings Bryan, when informed of Governor Wilson's announcement said that the president-elect had "done the wise thing." "I am very glad to hear that Governor Wilson has determined to call the extra session," he said. "It was the wise thing to do and I expected that it would be done."

Senator John Sharp Williams of Mississippi, long Democratic leader of the house and a Democratic leader in the senate, said:

"I think we would be stultifying ourselves if after putting the tariff revision bills up to a Republican president as we did to President Taft last session, we should fail to show our purpose of putting up these necessary revision bills to a Democratic president. Perhaps some amendments may be suggested at the extra session to those bills to revise the tariff that already have passed congress, in the light of any information that may have in the meantime developed."

Senator Dixon of Montana, chairman of the Progressive national committee, said:

"I think Wilson has done the wise thing in calling an extra session. This secures the administration and the Democratic party an opportunity to put into actual practice their promises made during the campaign. The country will soon have an opportunity to judge of Democratic performances."

"Will the Democrats receive the support of the Progressives in revising the tariff?" Mr. Dixon was asked.

"That will depend upon their performances," he said. "There are about 25 Progressive members of the house who will caucus separately and be a separate political entity and no doubt they will be glad to support the Wilson program if it squares with their own belief."

"But remember the Progressives are protectionists," added the senator, laughing.

Senator McCumber of North Dakota, expressed the Republican view saying:

"I suppose the sooner he starts the disturbance the better. I do not think the Democrats will attempt to put through such a measure as their platform calls for. I do not think they dare to do it. Their platform declarations were all right to go before the people with, but they know as well as we do such a revision of the tariff will bring consternation to the country. Undoubtedly they want

## SOCIALISTS OPPOSE GOMPER'S ELECTION

**FIGHT AGAINST PRESENT FED-  
ERATION ADMINISTRATION**

**Radicals Seek Election of Officers of  
the Federation by Referendum Vote  
of its 2,000,000 Members—McDon-  
ald May Oppose Gomper's.**

ROCHESTER, N. Y., Nov. 15.—A fight against the administration of President-elect Gomper of the American Federation of Labor is to be taken up next week by Socialist delegates to the convention in this city. The delegates of the radical wing number 84, according to J. Mahlon Barnes of Philadelphia, national campaign manager of the Socialist party and a delegate to the convention from the Cigarmakers International union who will head the fight.

This group constitutes less than one-fourth of the delegates but Socialists say many will come under their banner when the fight opens. The first skirmish is expected when the committee on resolutions reports the resolution of Delegate Duncan of the United Mine Workers providing for the election of officers of the federation by a referendum vote of its 2,000,000 members.

The Atlanta convention of the federation adopted a resolution favoring this method of election provided it was found upon investigation by officers to be practicable. The report of the executive council, made earlier this week indicated that 52 national and international unions affiliated with the federation had declared against the proposal and 23 unions had favored it.

Socialists assert that officers of the federation, including President Gomper are opposed to election by referendum and that if the plan is adopted the defeat of President Gomper and his associates on the executive council is certain.

Delegate Barnes said the members of the radical wing would attempt to put through a resolution favoring the withdrawal of federation officers from members in the national civic federation is supported entirely by its members outside the labor unions.

An unconfirmed rumor late today has it that Duncan McDonald of the United Mine Workers, is to be the opponent of Samuel Gomper for the presidency of the federation. The mining trades department held a brief session today to organize and will hold a business session tomorrow.

Charles H. Moyer of the Western Federation of Miners, president of the department presided.

## GOVERNMENT FIGHTS TO REGAIN OIL LAND TITLE FROM SOUTHERN PACIFIC

**Title of Land Valued at \$500,000,000  
In Southern California Is Said to  
Depend Upon Outcome of Legal  
Controversy.**

Washington, Nov. 15.—Title to western oil lands valued at the stupendous figure of \$500,000,000 is said to depend upon the outcome of the legal controversy, which opened in earnest today before the supreme court of the United States. Edmund Burke filed with the court his printed argument in favor of his claim to a portion of the land in controversy scathingly arraigning the Southern Pacific railroad company, also fighting for the property. The case will be argued orally January 6th.

The land in controversy in this particular is in the oil fields of Southern California. The Southern Pacific claims it under a land grant act, and interior department patents which contained the provision "excluding and excepting all mineral lands, should such be found in the tract." The validity and effect of this exception is receiving unusual attention because of its having been instituted in the land grants to other railroads for the decade after decade. Mr. Burke contends that oil land is mineral land.

"GOLDEN SMILE" COMES BACK.  
Chicago, Nov. 15.—Jack Johnson, champion heavy-weight pugilist, tonight enjoyed his first freedom since his incarceration in the county jail a week ago.

His family and immediate friends rejoiced with him and hundreds of admirers expressed their satisfaction over his release although he still faces the charge of violation of the Mann white slave act which caused his arrest.

Part of the evening Johnson spent in consultation with the attorneys, who in his behalf, are attacking the constitutionality of the Mann act in the United States supreme court.

Jack's golden smile was much in evidence while the final formalities of signing and accepting his bonds of \$30,000 were being completed.

do some harm, but I am not afraid that they will make a tariff for revenue only. They will keep in mind incident protection. If we have got to have a change the sooner we get at it the better, although I myself think when the country is prosperous, with nothing in the world to disturb us except the tariff issue, it is not the greatest of wisdom to disturb that prosperity as an extra session is bound to do. I never knew an extra session that did not defeat the man who called it. President Taft had a case of it.

## WOMAN'S CONFESSION IMPLICATES HUSBAND

**TELLS DRAMATIC STORY OF KIRBY'S  
BANKING AND GAMBLING.**

**Mrs. Kirby Fails to Identify Men  
Brought Before Court Charged  
With Swindling Her Husband of  
\$60,000 Through the Wire Tap-  
ping Scheme.**

CHICAGO, NOV. 15.—Mrs. Margaret L. Kirby, wife of the president of the defunct Kirby Savings Bank, today in United States Judge Landis court related an involved story of banking and gambling which reached a point of dramatic intensity late this afternoon when two suspected swindlers were brought before Mrs. Kirby and the court for identification.

The expected denouement failed when Mrs. Kirby could not identify the two men whom she had charged with swindling her banker husband of \$60,000 through the wire tapping scheme.

Throughout the day a crowd jammed Judge Landis court and listened eagerly to every detail of the woman's confession, every sentence of which further implicated her husband in the failure of his private savings bank. She told of how she trustingly made bank deposits under fictitious names under her husband's orders. In simple narrative style she told of wild night rides in taxicabs when she carried from \$10,000 to \$20,000 in a small black handbag, hurrying to Kirby that he might have more funds with which to plunge in fake wire tapping schemes.

So dramatic was her story that not until she had finished testifying and was ready to leave the stand was there the slightest disorder in the court room.

Then suddenly there was a parting of the little throng around the entrance to the court room. Two secret service men, escorting two prisoners, stepped in.

"It's the tappers," was the whisper that was passed from spectator to spectator.

A bailiff rapped for order and the two men faced the tired little woman and the former banker, who sat with lowered eyes in a large chair near his attorneys.

"Do you know these men?" Kirby and his wife were asked.

Both of them gazed long at the two suspects. The spectators moved uneasily and again the bailiff rapped for order.

"I don't know them," Mrs. Kirby said, finally.

"Do you know them?" Kirby was again asked.

He shook his head.

Daniel Kirby, a nephew of the accused banker also failed to recognize the men.

Mrs. Kirby averred today that she was almost penniless having even turned over her jewelry to her mother in order to obtain money with which to employ counsel.

The case will be continued tomorrow.

## ATTORNEY GENERAL WICKERSHAM SENDS TAFT HIS DECISION

**Opinion Has Not Been Made Public  
—It Is Not Believed President's  
Action Has Been Endorsed.**

Washington, Nov. 15.—Attorney General Wickersham today reported to President Taft his decision on the right of the Pujio committee of the house to seek through the comptroller of the currency information as to banking conditions and the inter-relation, in investigation of so-called money trust. The opinion has not been made public. It is generally believed that the attorney general has held that the president has no right to direct the commission to give the correct data which is not made public but collected for the information of the comptroller.

The national bank act empowers the comptroller to obtain all information necessary for the purposes of this act.

Much of the data wanted by the committee is not in the possession of the comptroller and it is said it would require special examinations in many instances to obtain it. It is understood that the committee especially desires to know the connection of national banks, their officers and directors with the underwriting of big projects.

## WANTS FREE TOLL FOR COAST-WISE VESSELS

Washington, Nov. 15.—President Taft told official visitors today that he did not expect to recommend to congress the repeal of the free toll provision made in the Panama canal bill last summer for American coast-wise vessels.

A second portion of the report of Prof. Emory R. Johnson, the expert upon whose invitation the president based his recent proclamation of tolls, became public today and contains strong recommendations against the giving of free tolls to American ships.

Prof. Johnson's report did not discuss the diplomatic aspect of the canal toll matter and was prepared before Great Britain entered its protest against the exemption of coast-wise vessels.

## MEET IN NEW ORLEANS IN 1913.

Washington, Nov. 15.—The United Daughters of the Confederacy in convention here today voted unanimously to hold the 1913 convention in New Orleans.

The afternoon and evening sessions of the society were devoted largely to the reports of regional committees.

## FEAR OF CHOLERA MAY HASTEN PEACE TERMS

**Ravages of Cholera Per-  
vade in Constantinople  
and at Tchatalja**

## NO NEWS FROM FRONT

**Reports Received are not Au-  
thentic And Lack Official  
Confirmation**

## BULGARS HAVE HARD TASK

LONDON, NOV. 15.—As the censorship permits no news to come from the front the situation at the scene of the fighting in the Balkans is more perplexing than ever tonight.

Various reports have drifted in, however, among them that Adrianople has fallen, that the Bulgarians have captured Hadjidak, the headquarters of the Turkish commander in chief, that Nazim Pasha, the Turkish generalissimo capitulated and the Bulgarians either by land or water, had reached the vicinity of Kilos, on the Black Sea coast a short distance from.

These reports are still without confirmation. A vague despatch is published at Sofia stating that six forts along the Tchatalja line have been captured after what are described as heavy sacrifices on the part of the Bulgarians.

All the reports previously published through the Vienna "Reichspost" or emanating from other sources, go to show that the Bulgarians are having no hard task.

Nothing is known as to whether the battle continues. The British government has received no news from the seat of the war for some days.

What perhaps is of graver import than the progress of the hostilities in southeastern Europe, however, is the ravages of the tremendous ravages of cholera, not only among the destitute refugees who daily are arriving in thousands at Constantinople, but among the Turkish troops on the Tchatalja lines. It is supposed that this danger well might suffice to give the Bulgarian commanders a pause and induce the Bulgarian government to arrange an armistice and negotiate peace, should the practical objects for which the war was undertaken already have been secured and therefore it is useless to run the risk of an epidemic of cholera in the Bulgarian army for the sake of a formal entry into Constantinople to avoid which it is believed Turkey is already agreeable to almost any terms.

A significant article appears in the Bulgarian government "Mir" today. It declares that the Bulgarian government has abandoned her intentions to enter Constantinople, being thus advised by Russia and Great Britain. Altogether, although the report that an armistice already has been arranged has not been confirmed, all indications point in that direction and it may be supposed that the terrible conditions of famine and destitution prevailing among the refugees in the neighborhood of Constantinople, which are calculated to provide a hot-bed for the spread of cholera, may have had something to do with Bulgarian decision.

From the point of view of the seat of war comes news of the occupation of the peninsula of Mount Athos by the Greeks and the march of the Greek army from Saloniki to join in the Serbian attack on Monastir. This attack, according to a Belgrade despatch began yesterday with an encounter between Turkish and Serbian cavalry near the city of Monastir.

A report received at Berlin asserts that disorders are occurring at Saloniki. Bulgarian and Greek soldiers are said to be plundering and maltreating the Mohammedan inhabitants, who are besieging the foreign consulates for protection.

The Turkish government has issued a batch of despatches signed by war correspondents of the "Patria" and "Journal Des Debats," the Berlin Lokal Anzeiger and Tageblatt, the London Daily Mail and other European papers denying reports of atrocities alleged to have been committed by Turkish troops.

"On Eve of Peace."  
Sofia, Nov. 15.—The government of Mir in its edition of today, says: "Yesterday we wrote that the war had ended. Today we might add we have ended the peace. The Turks having addressed themselves to the Balkan league."

"This is the best way for making a lasting peace. The war has cleared away all difficulties and is now depends upon Turkey alone to arrive at a benedict peace, betters returns and a good understanding between the Balkan union and Turkey."

**Captured Six Forts.**  
Sofia, Nov. 15.—The newspaper Bulgaria today reiterates the report that the Bulgarians have captured six forts near Tchatalja, two of them being considered important. The report, however, is still without official confirmation.

## ANOTHER DYNAMITER GIVES TESTIMONY

**EDWARD F. CLARK CONFESSED DY-  
NAMITE PLANTER ON STAND**

**Tells of Carrying Dynamite in  
Market Basket and of Blowing  
Up Work on Railroad Bridge  
Across Miami River at Dayton.**

INDIANAPOLIS, NOV. 15.—Carrying dynamite about in a market basket was the way Edward F. Clark, an iron worker, testifying at the "dynamite conspiracy" trial today, said he arranged to blow up non union jobs.

Clark, an official of a local union in Cincinnati, pleaded guilty at the beginning of the trial of the 45 men accused of complicity with the McNamara brothers in the illegal transportation of explosives.

In detailing his confession on the witness stand, he told of personally blowing up work on a railroad bridge across the Miami river at Dayton, May 3rd, 1908, and of leaving behind an umbrella which bore his initials. Because of his leaving the umbrella, he said, Hockin told him McNamara and Ryan were displeased and refused to permit him to blow up the Harrison avenue viaduct at Cincinnati. He said Hockin, however, sent him to Edward Campbell at Cumminsburg, near Cincinnati for dynamite. This dynamite he carried home in a market basket and next day delivered it to Hockin and another man, he said. The Harrison avenue viaduct was blown up soon afterward. Witness told of a number of explosions which he said he and others caused with the knowledge of union officials.

"I went into dynamiting," Clark said, "because, in listening to others, I was inflamed with a foolish idea that that was a good way to carry on a campaign against non-union work. I certainly knew I was committing a crime."

## SEVEN ARE RESCUED FROM DEATH IN SILVER MINE

**Two Girls and Five Men are Rescued  
After Fourteen Hours' Entom-  
bment.**

FRISCO, Utah, Nov. 15.—Two girls and five men were rescued from the Horn Silver Mine, this afternoon, after fourteen hours' entombment three hundred feet below the surface of the ground. The party of seven was imprisoned in the mine by an explosion at 10 o'clock last night.

From that hour until the rescue this afternoon miners from the surface worked in 15 minute shifts to clear away the mass of earth and timbers that barred the entrance shaft.

Two daughters of Mine Foreman Roy Alexander, Daisy and Harriet, aged 16 and 17, Arnold Robinson, James Riley, David Banks, John White and a Greek miner, whose name is not known were on the 3rd foot level when there was a tremor of a blast that snuffed every candle, followed by roar and quake and an earth slide had closed the entrance to the mine. Riley, a shift boss, re-lighted his candle, hurried the party back into the drift and picked his way toward the shaft. Finding the air pipes still in position tapped a signal to the men on top and a little later was able to make his voice heard through the pipe line.

None of the accident spread throughout the region and the miners hurried from every direction to offer aid. In a few minutes the work of rescue was under way.

## JONES IS GRANTED AN APPEAL

Chicago, Nov. 15.—Albert C. J. Jones, sentenced to one year in the Will county jail at Joliet for contempt of court in the Jack Johnson bond case by Judge Landis was granted an appeal by the United States circuit court of appeals today.

Bonds of the man who was sentenced because of alleged efforts to deceive the federal judge were fixed at \$5,000. The bail had not been given late tonight.

Judge Baker presiding in the court of appeals, granted the defendant a writ of error upon which the appeal is taken for a review of the case by the higher court.

## FARLEY GIVEN RECEPTION.

Kansas City, Mo., Nov. 15.—His Eminence John Farley, who arrived here last night on his return to New York from the Pacific coast was given a public reception late today at the home of Bishop Thomas F. Lillie. Afterward he was guest of honor at a dinner at a downtown hotel.

Cardinal Farley departed tonight for Chicago.

**LONGWORTH EXPENDS \$1,500.**  
Washington, Nov. 15.—Representative Nicholas W. Longworth of Ohio who was defeated for re-election by 97 votes, spent \$1,500 in his campaign, according to his report received today by the clerk of the house. His opponent, Stanley E. Bowdle, reported that he spent \$857.

**COOL BIRCH DEAD.**  
St. Joseph, Mo., Nov. 15.—Col. James H. Birch of Plattsburg, Mo., who fought under General Sterling Price during the Mexican war and was also in the Civil war, died at Plattsburg, today, aged 81 years.

## REJECTED SUITOR KIDNAPS GIRL

**IS SEIZED BY THREE MEN AND  
DRAGGED TO WAITING TAXI**

**She Is Found Three Hours Later Daz-  
ed and Bleeding Beside Railroad  
Track Recovering From the Effects  
of Chloroform.**

Chicago, Nov. 15.—Miss Christiana Alessi, 15 years old was kidnapped tonight by two men who seized her while she was walking in a North Side street. After smothering her cries with a handkerchief the men dragged her into a waiting taxi-cab and escaped.

Search is being made for Samuel Alecci, 32 years old, a barber said to be a rejected suitor of Miss Alessi. According to members of Miss Alessi's family the girl has been threatened by Alecci who a month ago said he would end his life if she did not become his wife. Later he is said to have threatened to kill Miss Alessi unless she consented to marry him.

In the last few months three girls have been kidnapped in the North Side Italian quarter by rejected suitors.

Three hours after Miss Alessi had disappeared she was found dazed, beaten, bleeding and suffering from the effects of chloroform beside a railroad track on a lonely road several miles from her home.

"Alecci threatened to kill me if I did not become his wife," she told the police. "I refused and then the three attacked me. I attempted to scream. Alecci put a handkerchief over my mouth and I became unconscious. When I recovered consciousness the chauffeur was telling them that he would not carry us any farther. I then was thrown out of the machine."

The girl was taken home and a dragnet spread for the three kidnapers. She was unable to describe any of her captors except Alecci.

## BANKING RESOURCES IN U.S. FOR LAST FOUR YEARS GREATEST EVER

**Have Exceeded by Billions Record of  
Any Similar Period in History of  
the Nation.**

Washington, Nov. 15.—The banking resources of the United States during the past four years have exceeded by billions the record of any similar period in the history of the nation, declared Lawrence O. Murray, comptroller of the currency in a statement issued today.

During the four years ending June 1912 the resources of all banks in the country—national, state and private—increased from \$19,583,000,000 to \$24,986,000,000 of \$5,403,000,000. The nearest approach to this enormous figure was the \$4,000,000,000 increase for the four years ending June 1904, as compared with the previous four year period.

Individual deposits likewise broke all records, increasing from 1908 to 1912 by \$4,239,000,000. Loans and discounts also established a new record increasing by \$3,515,000,000 since June, 1908.

The aggregate capital of the 7,400 national banks about equals the capital of the 22,000 state and private banks, the amount of the former being \$1,033,000,000 and the latter \$1,047,000,000.

Individual deposits in national banks in national banks are about half the amount in other banks. National banks hold 63 percent of the aggregate amount of cash in all banks.

"This is the most satisfactory summary of banking reports," said Mr. Murray, "ever compiled in the office of the comptroller of the currency and by comparison for past years, indicates an unprecedented growth in bank resources during the past four years."

## BUILDING COLLAPSES.

Detroit, Mich., Nov. 15.—Three workmen were buried in the ruins of a partly constructed building at Larned and Antoine streets, which suddenly collapsed late today. Two bodies were removed from the debris shortly after the accident occurred. Four other workmen were injured, more or less seriously.

It was stated that the collapse was caused by the premature removal of casing from hardening cement.

## LEAVES FOR BERMUDA TODAY

NEW YORK, NOV. 15.—Governor Woodrow Wilson announced tonight that immediately after his inauguration as president of the United States he would call an extraordinary session of congress to convene not later than April 15th, for the purpose of revising the tariff. The president-elect will sail for Bermuda at 2 o'clock tomorrow afternoon for a vacation and will return December 16th. To set at rest in the meantime speculation as to what he would do with regard to tariff revision, he issued the following statement:

CAMPAIGN FOR CHAMBER OF  
COMMERCE MEMBERS CON-  
TINUES WITH VIGOR.

Interest in the Movement is Wide-  
spread—C. R. Knollenberg's Team  
Takes Lead in Soliciting Work-  
Campaign Will be Extended  
Through Tuesday Until 400 Mark  
Is Reached.

The Business Men's association  
rooms were about the busiest place  
in town yesterday. All day commit-  
tees were busy coming and going se-  
curing members for the new cham-  
ber of commerce, and when night  
came and a total count was made  
the clock was moved to the 250  
mark. This is truly a remarkable  
showing when considering that this  
number was secured from the ef-  
forts of less than fifty men, some  
of whom were unable to give more  
than two or three hours. To C. R.  
Knollenberg and his committee be-  
longs the credit of having secured  
66 members, 24 more than the next  
highest. Ayers and Frisch with 42,  
Geo. E. Doying next with 35, O'Don-  
nell 20, Hopper 19, Rowe 19, Hiller-  
ing 19, general committees 30, bring-  
ing up the total to 250.

In view of the fact that there are  
still about 175 men to see, it was  
thought advisable to continue the  
campaign until the 400 mark was  
reached. Individual effort and com-  
mittee work will continue Saturday  
and Monday, followed by a grand  
rally on Tuesday. Secretary Frit-  
chey asks that all business men try  
to arrange matters so as to be on  
hand Tuesday morning at 9 o'clock  
and put forth one more vigorous  
and united effort to reach the 400  
mark. Secretary Fritchey feels  
that there are 400 men who will  
join in to boost Jacksonville and  
other day of united effort will do it.

The committees at work Friday  
were as follows:  
Capt. U. G. Woodman, Harry Ober-  
meyer, J. W. Breckon, E. E. John-  
ston.  
Capt. C. S. Hillerby, W. T. Brown,

A GREAT FUTURE FOR THE WOMAN'S COLLEGE.

Within a few days a campaign will be inaugurated to raise \$60,000 in Jacksonville and Morgan county for Illinois Woman's college, one-third of a total sum which is needed to have the college free from debt and \$1,000,000 clear endowment to its credit. This fund must be raised if the institution is to be ranked as a college and to lose rank would mean a decided step backward and would be a blow to the prosperity of the college. In seventeen years time under the leadership of President Harker the college property has been increased \$300,000 in value and now instead of forty boarding pupils there are more than 200 and the number of day pupils has been increased in like proportion.

President Harker believes that the college has really only commenced to grow and that within a few years time that there can be 1000 students here instead of 400. He is a man who "sees visions" and has the great faculty of making the visions materialize. Judged by the past his hopes and dreams can be made to come true if only friends for the college are found here and elsewhere who have faith in the institution. The Woman's college has an important influence on the moral atmosphere of this community. It is a great business asset and every citizen should have it upon his mind and heart that the college is "his" and that he should aid in the movement to make it a larger institution.

## CHRISTIAN CHURCH REVIVAL

At the revival services at the Central Christian church Friday evening the pastor, Rev. Clyde Darsie, delivered a very forceful and convincing sermon from the subject, "The Most Indelible Record," to a large audience. He took as his text Ecclesiastes 3:15: "That which hath been is now and that which is to be hath already been and God required that which is past done."

Mrs. Taylor gave as a solo, "He Knows," and a mixed quartet, composed of Mrs. Taylor, Miss Corinne Carlson, C. L. Mathis and Alex Campbell, sang "Jesus, And Shall It Ever Be."

There will be no service at the church this evening and Mr. Darsie's sermon for Sunday is "Lowest Thou More Than These." A few quotations from Mr. Darsie's sermon are given herewith:

"What is the most indelible record that a man can make? The only indelible record that you can write by any possibility is a record that is upon something that abides beyond the time of this earth."

"Habits and carriage of old soldiers are marked on their personalities."

"You are today a total of all the thoughts, actions and habits which you have ever been. You are just exactly what your past has made you."

"You are reflecting day by day influences that come about your life."

"You cannot get out and sow wild oats and after a while try to settle down. You are still made up of your sins and effects of the wild oats."

CHAPIN CHURCH OF CHRIST REVIVAL.

The series of gospel meetings now in progress at the Church of Christ in Chapin are attracting the attention of the entire community. The pastor, Chas. D. Hougham, preaches from night to night and is greeted by large and attentive audiences.

O. T. McMurry is the efficient song evangelist. The theme for Saturday evening will be "The Masters Night Visitor." Lord's Day 10:45 a. m., "A Separated Church." 2:30 p. m. sermon by Elder Burnett of Lynnville. 7:30 p. m. "The Distinctive Message of the Church of Christ." There will be a basket dinner in the basement of the church at the noon hour. Everybody welcome.

## GIVES NOTES ON ATLANTIC TRAVEL

Melville Kennedy, On Board an American Liner, Writes Interestingly of Ship Life.

The following letter was written by Melville Kennedy to his mother, Mrs. J. A. Kennedy, on an American liner bound for Liverpool and will be read with interest by his Jacksonville friends:

My Dear Mother: I will begin a letter this early so it can grow by degrees.

It is mid-afternoon of our fourth day out and we are driving against a heavy gale. The seas are booming against the prow incessantly while driving spray covers the decks the whole length like rain. It is most exhilarating, to those of us who are not sick! To them no doubt it is consummate misery.

It is the best day yet to my notion for pure enjoyment, although the worst for sailing. We are making slow progress and will be still slower into England if this keeps up. The head-on wind has been increasing day by day.

Many people have been wretched at night but we have slept soundly. I had nearly twelve hours last night and we had a very rough night.

Well mother, we are still in the midst of untoward weather. The heavy wind abated somewhat, but for the past several days it has been wet and foggy, with no sun for a long time. The fog horn—a great hoarse whistle—keeps blowing every minute and proves quite destructive to the sleep of many. For several days we made slow time, but are doing better now and will likely reach Liverpool on the third, a day late.

We have sighted some half dozen other vessels during the week. It is strange how interesting every living or moving thing becomes in the midst of the ocean. The boundlessness of the sea is forced upon one riding thus day after day. We have been going a solid week and are hardly more than half way to Liverpool.

This is a very comfortable boat, though slow of course, but a good one for an easy-going restful voyage. She is well balanced and doesn't roll exceedingly and the service is quite good. Our bedroom steward is a funny little Englishman who tends to all our wants most readily. He gets boiling water for the baby's food many times a day, bath water and anything else we want. He is a regular Dickens character, with the Cockney English accent and humor.

On deck we spend most of the time in our deck chairs reclining almost, with rugs over us, reading. Bobby takes a good deal of time, of course, wheeling him, etc., and he has so many friends now, we are left without him quite often. Everybody knows and loves him of the 50 or 60 passengers. It has been so wet of late he couldn't well play on deck, but when possible we put him down to crawl. Keeping most vigilant guard betimes, that he doesn't get near the sides. His vaccination spot was quite sore one day and night, but is going along nicely. Last night he slept through with no break.

Myra and I were both inoculated against typhoid the week before sailing, with two more to follow at 10-day intervals. The second fell due this week and we got a missionary doctor en route to Rangoon, to do the business. Something was wrong with my package and the injection failed, so will probably have to have it all over again in England. It is a simple injection of the serum.

Our fellow passengers are a mixed lot. Three young ladies are going to Turkey to teach in the American board schools and there is a young fellow along beside the Rangoon family who are in christian work. Others vary from business men going for the sea trip to English maiden ladies going home. Some are quite congenial people, others quite vice versa. A little group of Chicago people, one a Smith graduate, and a young professor of philosophy, and mother, are fine people.

The only sports or games are shuffle board and quoits. The first is good fun when the deck is dry. One evening there was an impromptu concert in the dining saloon and tonight we have another one, with program gotten up ahead and prepared for. We have no music along at all, but I have discovered two simple songs in a book, which I will sing. There was no service last Sunday at all, but will be tomorrow probably English church service by the ship's officer.

There is a good library on board but we have our own reading along. Mr. and Mrs. Edwards came to see us the day before we sailed and brought us Stevenson's letters in five volumes (small size). I have books on India to which I am giving most of the time.

This morning we bought tickets on board from Liverpool to London. We plan to stop off to see two cathedrals, Chester and Litchfield, and also at Warwick castle and Kenilworth to see these ancient ruins, still in good shape, the first at least.

Tuesday, Oct. 1. The heaviest sea yet. Wind blowing a gale all day and spray everywhere, making it damp and cold. It is a great sight to see the foam breaking from prow of the ship. People sick again today.

On Sunday morning I conducted the service in the dining saloon. It was a new experience for I read the Anglican service like a full fledged Episcopalian rector.

Last night we had a "Grand entertainment" by the passengers in which Myra and I took part twice. I sang two songs with Myra accompanying. This morning we three slept till 10 a. m. We were up a little with Bobby and felt sleepy at 7, so posted sign not to call us and kept at it. It's fine for sleeping, but our berths are narrow. Will have better room on the "P. and O." to India.

We will touch Queenstown tomorrow night probably when mail goes off, so must write other notes. Please send this on to the boys. The envelope won't hold another sheet! Much love.

## CHOLERA MAY HASTEN PEACE TERMS

(Continued From Page One.)

cial confirmation. The Mir says the Bulgarians occupied the town of Kavala, on the Gulf of Kavala, 80 miles northeast of Saloniki after they captured Seres.

Montenegrins Demand Scutari.

Paris, Nov. 15.—An official note issued tonight says the ministers of the powers have approached the Balkan states with a view to mediation and the foreign ministers of the allies replied that they would refer the suggestion to the governments. The Montenegrin foreign minister, however, added that his government considered itself unable to consent to an armistice except on condition that the Turks surrender Scutari.

Cholera In Constantinople.

Washington, Nov. 15.—Ambassador Rockhill reported to the state department today from Constantinople that the city remains absolutely quiet. He says cholera is spreading. No fears are felt here at present for the American missionaries in the interior of Turkey, reports in regard to their conditions being reassuring.

Reports Defeat of Montenegrins.

Constantinople, Nov. 15.—An official statement issued this evening on the basis of a telegram received from the Turkish commander at Scutari. The commandant's telegram says:

"We have beaten seven battalions of Montenegrins who were advancing on the heights of Kakarik. The enemy fled beyond the Boyana river, abandoning 100 of their dead, many wounded and much ammunition."

Another official statement denounces as infamous the charges that the Ottoman troops have been guilty of massacres, pillage and other excesses. The denial is supported by statements of seven foreign war correspondents who say they saw nothing of this character, but on the contrary that everywhere the Turkish troops displayed extreme measures in their dealings with non-combatants.

Reports From Greek Fleets.

Athens, Nov. 15.—The commander of the Greek fleet reports that a party from his ships have landed in the Gulf of Monte Santo and occupied Mulyani Island and the port of Dafni on the Athos peninsula near Karies. On Mulyani Island and at Dafni there are Monasteries in which are 1,000 monks.

Occupy Mt. Athos.

Athens, Nov. 15.—Greek forces occupied today the Turkish peninsula of Mt. Athos, below Saloniki according to a wireless despatch from the commander of the Greek fleet in the Aegean Sea.

## GORMAN FOR "DUNNE FIRST AND SPEAKERSHIP LATER"

Peoria Democrat Will Give Up Race for Speakership If His Candidacy Is Not Suitable to Governor-elect.

Chicago, Nov. 15.—If the candidacy of Thomas N. Gorman, Democrat, of Peoria, for the speakership of the lower house of the Illinois general assembly is not suitable to Governor-elect Dunne, Gorman will retire from the race.

"I am willing to give up the race if the governor-elect thinks it would be better for some one else to preside," Gorman said today. "I'm for him first and the speakership later."

At a meeting of Republicans and Democrats, recently, Gorman was chosen as the bi-partisan candidate for the position. Though votes were represented in the meeting, it was said, to ensure his election.

The governor-elect has been quoted as saying he would favor a progressive Democrat for the speakership. Whether he regards Gorman as efficiently progressive for the position is not known.

DEFENSE COMPLETES CASE.

New York, Nov. 15.—The case for the defense in the trial of the four gunmen accused of killing the gambler Herman Rosenthal, was completed today. Nearly a dozen witnesses testified in support of the gunmen's claim that the two informers Harry Vallon and "Bridgie" Webber and an unidentified stranger had fired the fatal shots at the gambler; that three of the defendants "Gyp the Blood," "Lefty Louis" and "Whitey" Lewis were on the scene as innocent spectators and that the fourth, "Dago" Frank, was not there at all.

**Chorus Cried, Give Us Newbro's Herpicide.**

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. ## FACE DISGRACEFUL WITH RASH

Large Scabs Would Form, Fester and Break. Itching and Burning. Kept from Sleeping. Cuticura Soap and Ointment Cured.

Stout Falls, S. D.—"My trouble of skin disease started as a rash on my face and neck, but it grew and kept getting worse until large scabs would form, fester and break. This was just on the one side of my face, but it soon scattered to the other side. I suffered a great deal especially at night on account of its itching and burning. I would scratch it and of course that irritated it very much. This rash was on my face for about two years sometimes breaking out lots worse and forming larger sores. It kept me from sleeping day or night for a couple of months. My face looked disgraceful, and I was almost ashamed to be seen by my friends.

"A friend asked me to try Cuticura Soap and Cuticura Ointment. I took a bath with hot water and a lot of Cuticura Soap, then I would put on the Cuticura Ointment. In less than two days' time, the soreness and inflammation had almost entirely disappeared, and in four weeks' time you could not see any of the rash. Now my face is without a spot of any kind. I also use them for my scalp and hair. They cured me completely." (Signed) Miss Fanny Hutchins, Feb. 6, 1912.

Cuticura Soap and Cuticura Ointment are sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston." 22-Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

## WOMEN SHOULD BE PROTECTED

Against So Many Surgical Operations. How Mrs. Bethune and Mrs. Moore Escaped.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."—Mrs. DEMA BETHUNE, Sikeston, Mo.

Murrayville, Ill.—"I have taken Lydia E. Pinkham's Vegetable Compound for a very bad case of female trouble and it made me a well woman. My health was all broken down, the doctors said I must have an operation, and I was ready to go to the hospital, but dreaded it so that I began taking your Compound. I got along so well that I gave up the doctors and was saved from the operation."—Mrs. CHARLES MOORE, R. R. No. 3, Murrayville, Ill.

## FOOT BALL GAMES SCHEDULED TODAY

TODAY'S GAMES MAY SETTLE MIDDLE WESTERN GRIDIRON HONORS.

Wisconsin-Minnesota Scrap at Minneapolis Holds Center of Stage for This Afternoon—Other Games to be Picked off Today.

Chicago, Nov. 15.—All eyes in the middle western football world will be turned on Minneapolis where the Wisconsin and Minnesota teams battle. If Wisconsin wins—and the bettors are giving that team the edge on form—the championship will be settled. Should Minnesota win she still has the University of Chicago to meet. None, however gives Stagg's squad a chance of defeating the husky Minnesota team. So this game virtually will end the year's scramble for the honors.

Both teams are reported in good condition. The Wisconsin squad arrived in Minneapolis today and with only Van Meter the half back in poor condition. But despite his injuries there was a chance that he would play. Erdahl the Minnesota right half may not be in the game.

Next in interest comes the Chicago Illinois game at Urbana. Neither team has hope of leading the west, but a hard battle is looked for. Coach Stagg's players have improved in the last week and he said tonight that they were faster. Artie Hall, down at the state school, has been saying harsh things to his players and, according to stories emanating from Urbana, the men have not been handling the signals as well as they should.

Out at Lincoln the Kansas and Nebraska squads will meet in their annual combat, which always is one of the most desperately contested of the year. The Lawrence team has been going poorly this year on account of the lack of experienced players and the odds seem to favor Nebraska. However the Nebraskans are taking no chances for the trophy has gone forth that the crafty Coach Moss of Kansas has kept his team "under wraps" in the minor games and will finish the season with a flourish that will make the ears of the Nebraskans and Misourians—his two worst enemies—ring.

Much state interest centers in the Iowa-AMES game at Ames. The good showing of the Iowa team against the University of Indiana players a week ago has encouraged the state university followers greatly.

There is an eastern team that will come west, meeting Michigan at Ann Arbor. Coach Yost has been having his troubles building up his old machine and he is somewhat dependant over the outlook.

Harvard and Dartmouth meet at Cambridge in their annual struggle. Neither team appears to have a decided advantage.

Yale was a 10 to 7 favorite over Princeton in their contest which takes place tomorrow.

## TEACHERS WILL MEET IN PEORIA

Program Has Been Issued for Annual Meeting of State Pedagogues—Many Prominent Speakers Will Be Heard.

Superintendent of Schools, W. A. Furr has received a program of the fifty-fifth annual meeting of the Illinois State Teachers' association to be held in Peoria, Dec. 26-28, and it is expected that several of the teachers will be in attendance from the city and country schools. The sessions are to be held in the Shrine Temple and the new Jefferson hotel. The business sessions will be held mostly in the afternoons and evenings and the directors, superintendents and committees will be held in the mornings.

The village principals section and the country teachers' section will meet in joint session from 9 till 10 a. m. on Friday, Dec. 27. President J. W. Morgan of the village principals' section will address the meeting on "Who Shall Present to the State Legislature, the Cause of the Farmers Occupying Over Half the Acreage of the State, Whose Children Are Without High School Privileges." Other addresses will be heard from Philander P. Claxton, United States commissioner of Education; W. A. Hollister and W. S. Booth.

The General Session. The general session will be formally opened on the evening of Dec. 26, by President John D. Shoop. The principal address of the evening will be by Charles A. Prosser of New York city on "Efficient Training in the Practical Arts." At the close of the meeting committees will be appointed by the president.

On Friday, Dec. 27, at 1:45 p. m. the reports of the different committees will be heard and passed upon, prominent of which will be that on "State Course of Study" by Superintendent of Public Instruction F. G. Blair and on "Legislation" by President David Feimley of Normal University. Mr. Feimley will also make a report as chairman of the committee on "Constitutional Changes Involved." At the evening session for this day, principal addresses will be heard from Superintendent F. C. Blair on "The Educational Outlook," Mrs. Ella Flag Young of Chicago on "Character and Efficiency," and the final address for the evening by William C. Bagley on "The Relation of the Teachers' Preparation to General School Efficiency."

At the final meeting Saturday, Dec. 28, 9 a. m., to be held at the Temple, previous to the business meeting, addresses will be heard by Dean Walter T. Sumner of Chicago, on "The Efficient Citizenship," the final address to be made by John E. Gunkel of Toledo, Ohio, on "The Development of Character and Efficiency in the Waifs of Our Cities."

## EVERY STREET IN JACKSONVILLE.

Has Its Share of the Proof That Kidney Sufferers Seek.

Backache? Kidney's weak? Distressed with urinary ills? Want a reliable kidney remedy? Don't have to look far. Use what Jacksonville people recommend. Every street in Jacksonville has its cases.

Here's one Jacksonville man's experience. Let G. V. Skinner of 853 South East street tell it.

"I am a blacksmith, 853 South East street, Jacksonville, Ill., says: 'I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills.'

Mr. Skinner is only one of many Jacksonville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony, 50c all stores. ## Declare War On Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold: "Don't sit in a draughty car." "Don't sleep in hot rooms." "Don't avoid the fresh air." "Don't stuff yourself at meal time. Overeating reduces your resistance."

To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all dealers.

## MIXED ON DIRECTIONS.

A lively discussion took place in a prominent business house yesterday regarding the direction in which the stage at the opera house faces. Several who have lived in the city for years and have attended many performances insisted the stage faces west and no amount of argument could convince them to the contrary, meyer.

## MEDICAL INSPECTION.

Which Seeks to Promote Health Rather Than Hunt For Ill Health

"We need more doctors of public health than mere doctors of medicine," says Dr. F. B. Dresslar in a bulletin. "The duty of the state in medical inspection of schools," just issued by the United States bureau of education. Dr. Dresslar pleads earnestly for the kind of medical inspection that seeks to promote health rather than that which hunts for ill health. "Our system of paying doctors to do something for us when we are sick ought to be largely discarded for the Chinese system of paying them to keep us from getting sick."

Dr. Dresslar justifies the state's intervention in the health of its citizens on broad grounds of public policy. He feels that the community has as much right to demand good health in its children as it has to demand that they attend school. He feels much right to preserve the community against the contagion of disease and bodily neglect as against the contagion of ignorance. The chief asset of any state is physical stamina, guided by wholesome, moral ideals, and broadminded intellectual power, and Dr. Dresslar contends that medical inspection and health supervision are indispensable agencies for conserving this asset.

In answer to the question: "Has medical inspection as now organized proved useful?" Dr. Dresslar shows conclusively that medical inspection has called attention to a startling way to the danger of school conditions in transmitting disease; it has already lessened actual illness and consequently secured better school attendance; and best of all, medical inspection in the hands of carefully trained men with the right spirit has proved to be an education agent of great value, by stimulating parents to give more attention to food, clothing, sleeping rooms and general home sanitation, and by disseminating better ideals of hygienic living.

It is in this increased knowledge by the people as a whole concerning the personal care of health that Dr. Dresslar finds the greatest ultimate good of medical inspection. He notes that great numbers of our people are still in gross ignorance and superstition regarding death and disease, since many of them constantly attribute to a divine Providence deaths from diseases directly due to filth. "Our chief duty lies in removing the causes which contribute to physical unsoundness and disease. As long as we herd our children in schools where they must breathe impure air, bend over in sanitary school desks, work at books when they need physical exercise, just so long shall we be paying for our own errors."

Dr. Dresslar concludes that we need health officers whose chief delight is in finding and developing beautiful cases of physical perfection rather than in finding some obscure and rare disease; health officers whose philosophy is based on the gospel of physical vigor, on the sanctity of personal purity and the goodness of clean living; "doctors of health" in very truth, who will be concerned with exhibiting, not a long list of physically defective and diseased, but a large list of healthy, well developed children.

James Therio, Iron River, Mich., says of Foley's Honey and Tar Compound: "This winter both my children and I were troubled with bad coughs. We used Foley's Honey and Tar Compound and it promptly cured us. I can recommend it as a good cough and cold cure." Contains no opiates. City Drug Store, J. A. Obermeyer.

## LIVE STOCK BULLETINS.

Excerpts From Bulletin No. 6 of the State Board of Live Stock Commissioners.

By Phil S. Haner.

It treats of the importance of keeping live stock on our Illinois farms and the fertility of the soil; scarcity of live stock and the causes of the same; the western ranches going out of business; the shortage of cattle in the central states, especially in Illinois.

If the people of Illinois would take the same interest in raising good cattle as they do in our western states we would be able in a short time to be one of the great, if not the greatest cattle state in the union.

Older countries as they become more instead of thoroughly studying these thickly settled that cheap meat is a thing of the past. The live stock breeder has experienced and survived more trials than in any other branch of agriculture. Farmers are apt to become more or less frightened when conditions are not always

showing the most favorable results. Instead of thoroughly studying these conditions they are apt to abandon the growing of live stock. Another condition to which I wish to draw your attention is the tendency to abandon live stock for exclusive grain production. There is no question that with the growing of live stock on the farm the fertility of the soil is more readily maintained than by any other method, but one great drawback to live stock farming in Illinois is too much landlordism. The map of Illinois in the bulletin shows already a decrease of live stock in the state. In localities where a great many farmers were feeding live stock years ago there are but few to day. Live stock with grain farming has a tendency to assist in keeping our boys and girls on the farm.

A man who is not a fairly good trader will never be a successful live stock farmer. The silo should be popular with an Illinois farmer, for it takes the stalks, formerly allowed to deteriorate and largely waste in the weather and preserves their feeding value. It tells about feeding ensilage and

cotton seed meal, also about winter and summer feeding—what kind of feed to use at each time of year; also how to feed cattle so they will make the most gains. It states that the hog is the money maker. The dairy has made a constant gain in the state. It also has the faculty of enriching the farm by increasing the soil fertility.

THE GUARDE

Cooking is a matter which concerns the whole family, and under modern methods and conveniences it is made so attractive the whole family is becoming interested, if not taking part in it.

"These biscuits are delicious; this cake is excellent," says the father. "I made them," says the daughter, and both father and daughter beam with pleasure.

It is a crime, with our modern agencies, helps and facilities, to have soggy biscuit, or wooden cake, or leaden pastry.

Royal Baking Powder has made home baking a success, a pleasure and a profit, and the best cooking today the world over is done with its aid.

## BETHEL A.M.E. CHURCH COMES INTO CONTROL OF VAST FORTUNE

To be Rebuilt and Made Anew With Many Important Improvements and Additions in Several Ways.

Several years ago Bethel A. M. E. church of this city had for a pastor a minister named Henderson who was unusually well educated and talented and a fine minister, preacher and theologian but lacking in some respects. He gave out that he meant to do great things for the church in various ways. First he tried to buy several properties or talked of it in different parts of the city and failing in that set to work to remodel the building, promising to come back after his first year and stay with the church till all was done. He made a beginning and left the church in the lurch at the end of the first year of his work and went to Minnesota.

Since that time the church has done the best it could under the circumstances and now the present capable and energetic pastor, Rev. C. T. Shaw, has undertaken the task of putting the structure in suitable form for the purpose of worship.

C. W. Buckingham is the architect and S. P. Carter has the contract for the carpenter and brick work and plastering which are to be done by Ellsworth Wells. Work has already been begun and will be pushed forward as fast as possible and it is expected that the church will be dedicated some time in June.

The tower, which is above the main vestibule is to be raised twenty-two feet, making it very imposing in effect. A new vestibule is to be made at the southwest corner of the main auditorium on Marion street. At the northeast corner, back of what formerly was the kitchen and dining room, is to be built two additional rooms, the east one of which will be a kitchen and the west one a ladies' rest room. The kitchen is to be elegantly furnished with closets, service counters and all other modern appointments. The room which has been serving as the dining room is now to be made a Sunday school room. It is to be connected with the main auditorium by accordion doors twenty-six feet in length. To provide for this door the wall of the old building is to be cut out and twenty-six feet steel girders are being placed to support the upper structure.

The main auditorium is also to undergo large changes. At the northwest corner a pastor's study is to be built. Within this corner is to be erected a choir loft and a baptismal pool, in front of which will be placed the pulpit, which now stands in the west center. The seating of the room is to be in a semi-circle facing the pulpit and choir loft. A memorial window will grace the front center of the main room. The vestibule building is to be newly decorated with splendid effects.

Some of the work has already been done. The wall work of the new rooms at the northwest corner are completed to the roof. Contractor Carter, together with a force of bricklayers under Ellsworth Wells, is engaged at the place steadily. Sunday at 2:30 p. m. the corner stone is to be laid with suitable ceremonies and the following program has been arranged.

William V. Astor Has Reached Majority—Since Col. Astor's Death in Titanic Disaster He Heads American Branch of Family.

New York, Nov. 15.—William Vincent Astor, head of the American branch of the Astor family since the death of his father John Jacob Astor, who went to his death on the steamer Titanic on the morning of April 15, 1912, reached his majority to day and by virtue of this fact came into full control of the Astor fortune which is conservatively estimated at \$65,000,000. When the estate was appraised by experts shortly after the death of Col. John Jacob Astor, to determine the amount of inheritance tax to be paid, the aggregate value of the estate was placed at between \$75,000,000 and \$80,000,000. As these figures are official and probably are nearly correct as possible under the circumstances, the amount of the fortune into the possession of which young William Vincent Astor came to day, may easily be estimated.

Under the terms of Col. Astor's will William Vincent Astor was made residuary legatee. The shares of all other heirs were fixed in plain terms by the will itself. Mrs. Madeline Talmage Force Astor, the widow, received for life, or until remarriage the income from \$5,000,000 and the use of the Fifth avenue home of her late husband, as well as \$150,000 outright. Muriel Astor, a daughter by Col. Astor's first marriage, received a trust fund of \$5,000,000. A similar trust fund of \$3,000,000 was provided for John Jacob Astor III, the posthumous child of Col. Astor. Other bequests aggregated nearly \$5,000,000. Dedicating these trusts and bequests from the estimated total value of the estate would place William Vincent Astor's share at about \$65,000,000.

No Astor has ever come into the family fortune at so young an age as William Vincent. His father was 28 before he succeeded, and his grandfather was 60. His great grandfather, John Jacob III, was 55, and his father, William Backhouse I, was 56.

William Vincent Astor was born in the old Astor homestead on Fifth avenue and Thirty-fourth street on November 15, 1890, five months before his grandfather died and his father became the head of the house. He was so frail a baby that only unremitting care kept him alive. He lived in the loneliest childhood because of this, and when other children romped in the open air, he sat over a toy piano in a nursery to which no playmates ever came. Servants saved him every exertion. Nurses were always with him; physicians awaited calls to him that had precedence over all others.

Six years of this unceasing attention brought Vincent Astor to a degree of health it has been thought he never could attain. Newport was astonished to see him come there five years ago and take an active part in the sports of the summer colony. It was still more astonished at his great interest in automobilism. He drove his own car with daring skill, although he was then only 16 years of age. His father, wishing to strengthen the boy's health by keeping him out doors as much as possible, encouraged his fondness for automobilism and yachting, but although Vincent Astor continued to retain a certain amount of interest in the sailing sport, he devoted the greater share of his interest to automobilism.

As a boy of twelve or thirteen William Vincent Astor passed through severe sicknesses and had to undergo several surgical operations. Every year he was taken to St. Moritz or the Riviera on account of bronchial trouble. The constant care required by his delicate health retarded his education to some extent. He was sent to Eton, but soon returned because the English boys at that famous school made life a burden to the rich young American. He went through a course at St. George's, at Newport and then entered Harvard university for a three years' course. He intended to take his bachelor's degree and then study law, but all these plans were changed through the death of his father and the change in conditions caused thereby.

During his school days William Vincent Astor made an attempt to go in for athletics and was assigned a place in the freshman crew but soon withdrew and confined himself to a life of luxury and daring automobilism. He became noted for his spending and repeatedly came in conflict with the school laws.

It is not surprising that William Vincent Astor is considered the greatest catch by the mothers of marriageable daughters. There have been a number of rumors of engagements of the young man to various society girls and others, but so far there seems to be no evidence that the young man has formed any attachment likely to lead to his marriage in the near future.

**BASKET DINNER AT CHAPIN.**

There will be an all day meeting at the Christian church Sunday, November 17th, and a basket dinner will be served in the basement of the church at the noon hour. A cordial invitation is extended to all. Come and enjoy the services of the day and renew acquaintance with the good people of the Chapin church. The pastor, Mr. C. D. Hougham, is conducting a revival meeting for the church. Large audiences are present each evening and good interest is manifested. Mrs. McMurphy, of Normal, Ill., leads the song service.

## THE BOYS STATE FAIR SCHOOL.

Elzie R. Bown, Murrayville, Illinois.

I having been appointed as a delegate to attend the boys state fair school, did so and was glad to have the opportunity. I owe my appointment to J. H. Dial, principal of Murrayville high school and H. C. Montgomery. It is a benefit to every boy who has had such an opportunity. The school was located in the southwest part of the fair grounds at the automobile entrance. The school was composed of 250 boys who slept in tents. Each tent contained an electric light and ten cots. Each boy was provided with two blankets and a cot. The food was plentiful and was cooked by the domestic science club. We had a program each day which consisted mostly of lectures and writing notes. We had certain portions of the day for visiting the state fair and the historic places of Springfield. Governor Deen visited the school and gave us an interesting talk. We also had the pleasure of hearing Governor Wilson talk at the coliseum. On Sunday, Oct. 5th, Dr. Robertson gave the school a short talk on the subject of bacteria. Then on Monday morning H. W. Stewart gave at the school a short talk on the subject of soil physics and soil fertility. He mentioned the following facts:

That soil must contain seven elements (nitrogen, phosphorus, potassium, magnesium, calcium, iron, sulphur). That fifty bushels of wheat contains 71 pounds of nitrogen and twelve pounds of phosphorus and thirteen pounds of potassium. One hundred bushels of corn contains one hundred pounds of nitrogen, seventeen pounds of phosphorus.

When we burn stalks we rob the land of one-third nitrogen. The value of one ton of clover is 8.40 cents.

The roots of the clover plant contain one-tenth the nitrogen that the tops contain. To grow alfalfa successfully we must inoculate the ground. Lime stone will overcome acidity of the soil.

Clover roots without tubercles are of no value to the soil.

### WHEAT BREAKS LOW RECORD THIRD TIME

Absence of Export Demands Has Spe-  
cial Depressing Effect—Corn  
Shows Net Loss.

(By Associated Press.)  
Chicago, Nov. 15.—Wheat today  
for the third day in succession broke  
the low price record of the season.  
The fine outlook for the winter crop  
was the last straw in a burdening  
down holders. Weakness ruled at  
the close with the market 3/4 to 1c  
under last night. Corn showed a net  
loss of 3/4 to 1c, oats finished un-  
changed to 3/4c and provisions  
varying from 12 1/2c decline to the  
same as 24 hours before.

Rain reports from Argentine failed  
to give more than temporary sup-  
port in wheat. Stoploss orders  
bought about selling flurry after  
wheat disgusted long unloaded an  
almost steadily sagging market. Ab-  
sence of export demand had a spe-  
cial depressing effect and there were  
continued heavy receipts not only  
northwest but west and southwest  
as well. An advance in consols  
counted also against the bulls and  
then came statements from high au-  
thority that the winter crop was in  
the best position in years.

Some of the largest buyers of  
wheat yesterday were the best sell-  
ers today. "About the only support  
was from shorts taking profits. De-  
cember ranged from 86 1/2 to 87 1/2c  
with last sales 86 1/2 to 86 3/4c, a net loss  
of 1c even.

Predictions of clear freezing  
weather had a depressing influence  
on corn. More liberal receipts of the  
new grain weighed on the market  
which was further handicapped by  
the break in wheat. December  
ranged between 47 1/2c and 49c, closing  
heavy 1 1/2c net lower at 47 1/2c.  
Cash grades were weak. No. 2 yellow  
was quoted at 57 1/2 to 58 1/2c.

Oats displayed notable steadiness  
compared with the other cereals.  
Shipping demand was the force un-  
der the market. December, which  
swung from 30 1/2 to 30c, closed at  
last night's figures 30 1/2c.

Provisions tended to pork lower  
with hogs and grain. Pork led and  
in the end was down 10c to 12 1/2c.

CHICAGO LIVESTOCK MARKET.  
Chicago, Ill., Nov. 15.—Cattle—  
Receipts 3,000; market for heaves  
steady. Cows 25c lower; Texas  
beef, \$5.35 to \$11.00; Texas  
steers, \$4.30 to \$5.60; Western steers,  
\$5.50 to \$9.00; stockers and feeders,  
\$4.10 to \$7.15; cows and heifers, \$2.75  
to \$7.40; calves, \$6.50 to \$10.25.

Hogs—Receipts, 22,000; market  
weak, mostly 10c lower; light, \$7.30  
to \$7.90; mixed, \$7.40 to \$8.00; heavy,  
\$7.30 to \$8.00; rough, \$7.30 to \$7.50;  
pigs, \$5.60 to \$7.00; bulk of sales,  
\$7.65 to \$7.90.

Sheep—Receipts, 12,000; market  
strong; native, \$3.50 to \$4.75; market  
\$3.75 to \$4.65; yearlings, \$4.80 to \$6.00;  
lambs, native, \$5.50 to \$7.70; western,  
\$5.75 to \$7.60.

ST. LOUIS LIVESTOCK MARKET.  
St. Louis, Mo., Nov. 15.—Cattle—  
Receipts 3,700. Market steady. Na-  
tive shipping and exporting steers,  
\$8.00 to \$11.00; dressed and butchers  
steers, \$3.35 to \$7.75; stockers and  
feeders, \$2.75 to \$8.00; cows and heifers,  
\$4.50 to \$9.10.

Hogs—Receipts 7,200. Five cents  
lower. Pigs and lights, \$6.50 to \$7.90;  
mixed and butcher stock, \$7.65 to  
7.90; good heavy, \$8.50 to \$7.90.

Sheep—Receipts 4,500. Market  
15c higher. Muttons, \$4.00 to \$4.25;  
lambs, \$5.50 to \$7.25.

PEORIA GRAIN MARKET.  
Peoria, Ill., Nov. 15.—Corn—Old,  
unchanged; new, unchanged to 3/4c  
lower. No. 1 white, new, 46 1/2c;  
No. 2 yellow, old, 55 1/2c; No. 3  
yellow, old, 55c. No. 4 yellow, new,  
46 1/2 to 47c. No. 3 mixed, old, 53 1/2c.  
No. 4 mixed, new, 46 1/2c. Sample  
41 1/2c.

Oats—Unchanged. No. 2 white,  
32 1/2c; standard, 32c. No. 3 white,  
30 1/2c. No. 4 white, 29 1/2c.

NEW YORK STOCKS.  
New York, Nov. 15.—Operations  
in stocks were curtailed today and  
during most of the trading prices of  
the leading issues changed but little.  
A brisk selling movement impaired  
some life to the market in the last  
hour and quotations were scaled  
down though losses were not severe.  
The movement as a whole was in-  
consequential, and speculative interest  
seemed to be at low ebb.

In the early dealings specialties  
were more than ordinarily promi-  
nent with substantial gains in some  
of the tobacco issues, fertilizers,  
equipments and American sugar.

Preferred shares of the latter com-  
pany were unchanged, pressure and  
later there was some selling at con-  
cessions of International Paper is-  
sues, Union Bag and Paper common  
and preferred and several of the mi-  
nor railways. The decline in bag  
and paper issues was most precipitate  
the common falling 3 points and the  
preferred several.

Call money ranged between 3 1/2  
and 6 with moderate demand. No change  
was shown in time rates, but the  
underlying was strong and further  
offerings of commercial paper at  
rates recently prevailing were an-  
nounced. Interior banks were again  
moderate purchasers of business pa-  
per. Forecasts point to a cash loss  
of \$2,000,000 to \$4,000,000 on the  
weekly movement. The loan account  
is again an unknown quantity but  
the week's dullness in the stock mar-  
ket indicates a contraction in that  
item.

Prices of Americans in London  
were generally higher with especial  
activity in coppers and Canadian Pa-  
cific. The local market at no time  
made more than slight response  
to the higher general average of our  
stocks abroad.

## ALL AVENUES OF TRADE ARE BUSY

BUSINESS CONTINUES TO EXPAND UNCHECKED BY RAIL-KAN WAR.

Demand for Steel and Iron Products Greater Than Ever—Signs of Preparation for Opening of the Panama Canal.

New York, Nov. 15.—R. G. Dun and company's Weekly Review of Trade tomorrow will say:

Business continues to expand, unchecked by the Balkan war with its grave European complications and its remarkable development has furnished new proof that true national prosperity springs from the soil. The domestic and foreign demand for iron and steel products is even larger than before with all previous records broken. The railroads are making every effort to move promptly the tremendous traffic of the country and at the same time are making due preparation for the requirements of the future. There are also signs of preparation for the opening of the Panama canal.

Convincing evidence of the remarkable expansion in iron and steel was furnished by the increase of over a million tons in unfilled orders of the leading interest last month. This was a surprisingly large gain and may be attributed in part to the steady development of new export business. Labor is now more plentiful, but the steel mills are not operating quite up to the high rate maintained in October. Crude steel production has reached the maximum and there is still a scarcity of material, with premiums asked for the small lots available. Pittsburgh car plants are billed to the limit of capacity for eight months ahead and rail contracts this week aggregate about 100,000 tons while orders for close to 44,000 cars are pending.

Greater strength has developed in dry goods, manufacturers of textiles being sold up ahead. Prints are selling more freely and re-orders on shirtings and spring wash fabrics are more general. In woolen stocks appear to have been cleaned up better than usual and business is being offered in all lines with great freedom but many mills are so closely sold up that they cannot accept further orders.

Bradstreet's Report.

New York, Nov. 15.—Bradstreet's tomorrow will say:

Activity is unabated. Practically all avenues of trade are busy and the post-election period has apparently witnessed a great volume of business. Secondary distributors report the receipt of large mail orders while at some markets buyers in person have operated quite freely. Buying for next spring is expanding. Industrial operations are as active as heretofore, railway tonnage is of large proportions; goods are not over plentiful anywhere, collections are improving, old debts are being liquidated, retail trade is enlarging; holiday business is growing, the railways continue to buy material in volume and expecting a few lines of textiles where tariff talk is in evidence, optimism is as notable as ever.

The iron and steel line continues to move at a rapid rate, with some mills unable to promise deliveries this side of next August, and naturally the price situation is one of exceptional firmness. The railways are exerting their efforts to the utmost to relieve the paucity of coal movements in various parts of the country. However the car shortage is more pronounced and the net shortage is double the surplus of a year ago. Western advices are uniformly good, while returns from the northwest speak of activity, though the weather has been too mild for free sales of seasonal goods at retail.

Business failures in the United States for the week ending Nov. 14, were 260 as against 209 last week. 238 in the like week of 1911; 248 in 1910, 232 in 1909 and 273 in 1908.

Business failures in Canada for the week number 33 which contrasts with 35 last week and 31 in the like week of 1911.

### BANK CLEARINGS.

New York, Nov. 15.—Bradstreet's bank clearings report for the week ending Nov. 14, shows an aggregate of \$3,855,490,000 as against \$3,408,695,000 last week and \$3,534,408,000 in corresponding week last year.

The following is a list of the cities:

New York	\$2,274,116,000	Inc.

Mrs. Peter Holan, 11501 Buckeye Road, S. E., Cleveland, O., had a little son with a bad case of whooping cough. She says: "He coughed until was blue in the face. I gave him Foley's Honey and Tar Compound, and the first few doses had a remarkable and almost immediate effect. A few more doses cured him. Yes indeed I can recommend Foley's Honey and Tar Compound." In the yellow package. City Drug Store, J. A. Obermeyer.

## WARNING TO ILLINOIS FARMERS

Illinois Farmers' Institute Asks Farmers to Study Results Obtained at Experiment Stations Before Accepting Teaching of Fertilizer Manufacturers or Their Agents.

In view of the fact that manufacturers of "complete fertilizers" are extensively advertising their products by means of circulars, editorials in irresponsible agricultural papers, and agents sent out by so-called "fertilizer associations" it becomes the duty of the Illinois Farmers' Institute to warn the farmers of Illinois against misleading statements made by these agencies and call attention to the fact that there is probably more profit to the fertilizer manufacturers and dealers in the \$30 received from the sale of two tons of acid phosphate (made from one ton of raw rock and one ton of sulphuric acid), and still more profit in perhaps \$80 received from the sale of four tons of "complete fertilizer" (made from two tons of acid phosphate and two tons of filler, containing small amounts of nitrogen and potassium) than there would be in \$6 or \$8 from one ton of fine ground natural rock phosphate, carrying the same amount of phosphorus.

Garbled Quotations.

Some of these agencies referred to use methods that are misleading, if not absolutely untruthful; they even resort to garbling quotations from reports of experiment station work to show that the raw rock phosphate is not useful as a fertilizer, and we earnestly urge the farmers of Illinois to carefully study the results obtained on the experiment fields of other states as well as of our own before accepting the unfair and misleading statements of the promoters of private, selfish manufacturers, dealers or agents.

Authentic Information.

We have an abundance of authentic information on this subject, secured at public expense, and the same is freely available to all who will take a little trouble to investigate. The facts are that the results of experiments in Maine, Massachusetts, Maryland, Rhode Island, Pennsylvania and Illinois show conclusively that fine ground natural rock phosphate is a more economical source of phosphorus than acid phosphate for use in general farming in definite systems of soil improvement.

Most Conclusive Results.

But of greater value to American agriculture perhaps than any other along this line are investigations of the Ohio experiment station, which cover 12 years of as careful investigation as has ever been conducted. This work is reported in Vol. 15, Illinois Farmers' Institute Report P. P. 33-103, copy of which may be had on applying to any officer of county farmers' institute in Illinois.

Results in Ohio.

In the Ohio experiments a three year rotation was practiced, consisting of corn the first year, wheat with clover seeding the second year, and the regular clover crop the third year. These crops being rotated so that every crop is represented every year. In each field there are two plots that are treated with manure alone, which is applied to the clover sod at the rate of 8 tons per acre and plowed under for corn, no further application being made for the wheat or clover. There are two other plots in each field treated with the same amount of manure to which has been added 40 pounds of raw rock phosphate with each tone of manure, and there are still two other plots on which, likewise, the same quantity and kind of manure is used to each ton of which is added 40 pounds of acid phosphate.

As an average of all the data from the 12 years' experiments, the increase from the raw rock phosphate has been practically identical with that from the acid phosphate as with the raw rock, while twice as great with the acid phosphate as with the raw rock, while twice as much phosphorus has been applied in the applications of raw rock as in in applications of acid phosphate, so that at the close of 12 years the raw phosphate plots contain as much applied phosphorus as the total application made in the acid phosphate. In the case of the clover crop, which has power to secure nitrogen from the air, or should have if the soil contains plenty of lime, the rock phosphate has produced distinctly better results than the acid phosphate, the average difference amounting to .08 of a ton per acre, of 64 cents worth of hay at \$8 per ton.

Why not secure these valuable reports of experiments carefully conducted by our paid employees, and be guided by them rather than by the statements of, and circulars issued by those who have selfish interests to serve?—Illinois Farmers' Institute.

### A Night of Terror.

Few nights are more terrible than that of a mother looking on her child choking and gasping for breath during an attack of croup, and nothing in the house to relieve it. Many mothers have passed nights of terror in this situation. A little forethought will enable you to avoid all this. Chamberlain's Cough Remedy is a certain cure for croup and has never been known to fail. Keep it at hand. For sale by all dealers.

### RAVE PROGRAM.

Miss Sue Fox returned Friday morning from Concord, where she had been visiting Mrs. Carrie Wietrick. While there she gave a miscellaneous program for the ladies society of the M. P. church of that place. It was held at the home of Mrs. C. Z. Roach. Miss Rose Roach of Jacksonville was the hostess.

## L. W. C. INDIANA STUDENTS ORGANIZE

Twenty-Seven Young Women Here From Neighboring State—Sang at Chapel Exercises.

At the Woman's college there are twenty-seven young women from Indiana and so they recently organized an Indiana society. Red and white are their colors and Friday morning they appeared in chapel wearing white dresses with red ties. With great vim they stood before the student body and sang their song specially written for the occasion. Two verses were taken from the Gloria of Indiana university. After singing the final words the young women stretched streamers of red and white ribbon around their auditors. It was a very pretty scene and added to the spirit of enthusiasm of the student body. Other state societies are to be organized and if the plans of President Harker and the trustees of the college are carried out it will not be many years until all the states in the central west will be so well represented that each will have its own society among the students. The verses of the song follow:

Come and join in song together  
Shout with might and main  
Our beloved Indiana  
Sound her praise again.

Gloriana, Frangipani  
Loyal Hoosiers we  
We're the club from Indiana  
At L. W. C.

For a Woman's college training  
See how we aspire  
Changing cars at every station  
Struggling through your mire.

Leave we sad our interurbans  
And our roads so fine  
Fearing mud and lost connections  
When we cross the line.

Illinois may boast its cornfields,  
Athens of the west!  
What are Indiana products?  
Authors of the best.

Riley, Wallace, Ade and Beveridge,  
Meredith Nicholson,  
Stratton, Porter and McCutcheon,  
Abe Martin, Tarkington.

Here's to her whose name we'll ever  
Cherish in our song.  
Honor, love and true devotion  
All to her belong.

### BLOOMINGTON TO RAISE BIG FUND.

A campaign of one week to secure \$100,000 for the Illinois Wesleyan university will begin at Bloomington on Tuesday, the 19th. One hundred business men have volunteered their services. A committee of ten has been appointed, five by the Chamber of Commerce, and five by the University, to manage the campaign. The president of the Chamber of Commerce is chairman of this committee. The one hundred men will be arranged in teams, and a thorough canvass will be made of the entire city.

Bishop Lewis will be in charge. The teams will meet separately as teams for breakfast and supper, and all will meet together at noon. The entire city is getting together, the papers are giving their aid, all the churches are united, and there is a feeling of confidence that the whole amount will be secured.

### BEGIN IMPROVEMENT WORK.

Work on the Elliott State Bank office has begun and will be carried onward according to the plans and specifications published in the Journal a few weeks since. The work will make a great improvement in the structure.

Mr. Hiram Steele, 628 N. 6th St., Terre Haute, Ind., writes: "I came down with a severe case of kidney trouble. I had to get up too often at night, there was pain and much sediment, puffs under my eyes, back pained terribly, and I was dizzy. Foley Kidney Pills cured me quickly, and I feel 100 per cent better. City Drug Store, J. A. Obermeyer."

## Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much information.

## MORTUARY

## Hampton.

Funeral services for Mrs. J. W. Hampton were held at Shiloh church Friday morning at 11 o'clock in charge of Rev. Mr. Cusic. Music was furnished by the church choir. Interment was made in Arcadia cemetery and the bearers were Lon Taylor, Willis True, Lincoln Lindsay and Frank Zirkle.

## Moore.

William Moore of Madison county died Friday morning at the Jacksonville State Hospital. The deceased was 54 years of age. The remains were taken to the Gillhrie undertaking establishment to await word from relatives.

## Gross.

Brief funeral services for J. B. Gross were held at the residence of his daughter, Mrs. J. T. Little, at Alexander, Friday afternoon at 3 o'clock in the presence of a large assemblage of relatives and friends. The services were impressively conducted by Rev. N. R. Johnson, who read the 90th Psalm and also delivered an eloquent and comforting sermon. Music suitable to the occasion was furnished by a quartet composed of Mr. and Mrs. F. B. Sisk, Miss Katherine Kaiser and Luther Wiley. The remains will be taken to Clayton this morning via the Wash and more extended funeral services will be held at that place Sunday afternoon at 2 o'clock.

## Vortman.

John G. J. Vortman, one of the prominent residents of the Neeleyville neighborhood, died Monday afternoon, and was buried Thursday afternoon at 1:30 o'clock from the Lutheran church at Neeleyville. Rev. H. G. Schwagmayer officiating. He was born in Germany, March 28, 1834. In 1848, at the age of 14 years he came to this country, making the trip via New Orleans, and St. Louis to Naples and had since resided in the Neeleyville neighborhood.

He was married in 1856 to Mary Krone. They were the parents of nine children, Wm. and a daughter, Mr. Claus Tomhave, preceded him in death. Besides his wife he leaves the following children: Charles of Bluffs, Richard and Edward of Neeleyville, Louis and Jasper, residing southwest of Neeleyville; Delrick, residing north of Bluffs; and Mrs. John Aring of Neeleyville. He also leaves 24 grand children and six great grand children.

## Nortrup.

Mrs. Christina Nortrup, passed peacefully away Friday afternoon at 2 o'clock at the home of her son, Henry Nortrup, 636 South Fayette street, aged 63 years. Three weeks ago Mrs. Nortrup came to Jacksonville to make a visit with her son and took sick. She had been in delicate health for a number of months and her frail constitution was not strong enough to withstand disease. Mrs. Nortrup was a member of the German Lutheran church and a woman of strong religious conviction. She was a good mother and her influence was always for the upbuilding of that which is noblest and best in life.

She was the daughter of Mr. and Mrs. Henry Brockhouse, who were among the prominent pioneers of Morgan county. She was married when 16 years of age to George Nortrup and he passed away 14 years ago. They were the parents of six children, four of whom are living. Henry of Jacksonville, George and J. Louis of Concord and Albert of Riggston. One daughter Mrs. Herman Ommen died two years ago and Mrs. Henry Elemann died four years ago. She also leaves the following brothers and sisters, Samuel, George, August, Lewis, Martha Ann and Tillie Brockhouse all of this country.

The body will be taken to the home of her son, George Nortrup 2 1-2 miles west of Concord, Sunday where funeral services will be held at 12 o'clock in charge of Rev. J. H. Seiving, pastor of the German Lutheran church and interment will be made in the Concord cemetery.

## DISTRICT MEETING WAS BIG SUCCESS

Encampments of the 16th District of the I. O. O. F. held Sessions—Election Held and Beardstown Named as Next Meeting Place.

The Sixteenth Encampment I. O. O. F. association met Friday in their third annual meeting. The various encampments in the district were well represented and was composed of a bunch of enthusiastic Patriarchs. At the business session Beardstown was chosen as the next meeting place, the time of the meeting being the first Thursday in March. Therefore, the meeting has always been held in the fall.

The school of instruction was held at 3 p. m., conducted by Norman Waltrip of White Hall, who is grand

nia Lodge No. 243.

junior warden of the grand encampment of Illinois, and is also the district deputy of the 16th encampment district. This district is one of the most enthusiastic of the state and the school was highly interesting.

At 5 p. m. the delegates to the association met and closed up the business for the past year and then organized and elected the following officers:

President—J. H. Rolmer, No. 7, Beardstown.  
Vice President—Lee Vineyard, No. 111, White Hall.  
Secretary—Carl H. Weber, No. 9, Jacksonville.

Treasurer—Joseph Roark, No. 66, Winchester.  
Beardstown was selected as the next meeting place in March, 1913. Ridgely encampment was called to order in regular session and elected 8 candidates to receive the work, then took a recess until 7 o'clock when the three degrees of the Patriarchal Odd Fellowship was conferred upon all candidates who had been elected in their respective encampments.

The degree staff of Ridgely did the work in all the degrees and the visitors present were loud in their praise of the work of the local staff, which is certainly one of the best in the state. H. E. Frye is the efficient captain of the staff. The members of the degree follow:

Capt.—W. E. Frye.  
C. P.—W. C. Howe.  
Sen. Warden—W. E. Mann.  
H. P.—T. C. Phelps.  
Jun. Warden—Carl H. Weber.  
Guide—Ellis Henderson.  
First G. T.—P. H. Theis.  
Second G. T.—John Roberts.  
First W.—Ralph Crabtree.  
Second W.—J. A. McGlothlin.  
J. S.—J. Clarke Rothwell.  
Musician—William Schumm.  
Trip—Asa M. Robinson, T. H. Rapp and Mark Robinson.

Following the work an oyster supper was served with all the trimmings and a social hour enjoyed. Short talks were given by President I. H. Rolmer, J. Marshall Miller, the new secretary, Carl H. Weber, and J. T. Osborne. In every way the meeting was a great success and all will now look forward to the gathering for next year in Beardstown.

**DID YOU GET YOUR PENNANT?**  
Owing to the demand being much greater than the supply a large number of Sunday Examiner readers failed to secure a Wisconsin pennant last Sunday.

We have made arrangements whereby from now on all dealers will have an ample supply of pennants each Sunday. We respectfully ask the indulgence of our readers who have been unable to secure pennants and assure you it will not occur again. For the benefit of those who failed to receive Wisconsin pennants last Sunday we have decided to repeat them on next Sunday. Clip the date line from the news section and present it with 15 cents to your news dealer.

**JUDSON FAILS TO APPEAR.**  
New York, Nov. 15.—(Frederick S. Judson, the young Chicago bond salesman, who was stabbed last Monday afternoon while visiting Mrs. May Dencker at her home, failed to appear in police court this afternoon when the case was called against Otto Dencker, the woman's husband, who is charged with the stabbing. Judson's counsel explained that his client was too ill to leave the hospital but this did not satisfy the court, who issued a body attachment for him.

The case was postponed until Monday.

WOMAN MYSTERIOUSLY STRUCK  
DOWN WITH HAMMER STILL LIVES

Is Still Unconscious—Suffers Fractured Skull—Physicians Say It May Be Four Days Before She Regains Consciousness.

Chicago, Nov. 15.—With her life hanging by a thread, an unidentified woman who was mysteriously assaulted with a machinists hammer in a room in a downtown hotel last night, still is unconscious. If she lives, the attending physicians declare, it may be four days before she will regain consciousness and be able to tell the names of her assailants and herself.

The blow caused a fracture of the skull which may prove fatal. She can see, the hospital attaches declare but cannot neither talk nor hear.

The couple registered at the hotel as "Mr. and Mrs. Remner, Detroit, Mich." and from reports received from that city and statements made by hotel employees the police have a fair description of a suspect for whom they are searching. The city and have requested other places to look out for a man answering the description.

The only clew thus far discovered is in the blood stained hammer with which the blow was struck. Bloody finger prints upon the weapon are being analyzed by the police in the hope of finding similar prints among those kept of former convicts.

## ARRIVE AT NO VERDICT.

St. Louis, Nov. 15.—Although it deliberated until 11 o'clock tonight the jury which heard the evidence in the second trial of E. G. Lewis, publisher and promoter charged with using the mails to defraud, was unable to arrive at a verdict. It was locked up for the night.

## PHOTO GIVES ONLY CLEW.

St. Louis, Mo., Nov. 15.—The well dressed body of an unidentified man was taken today from the river at Dandey Landing forty miles south of St. Louis. The only clew to his identity was a photograph of a woman made in the studio of Glassville Miller, Peoria, Ill. On the back was written a request that the photograph be buried with him.

### SOCIAL EVENTS.

Fourteen ladies assembled at the home of Mrs. Thomas Heaton, 111 South Clay avenue all day Friday, where they sewed for the bazaar, which is to be held at State Street church December 5. Mrs. Heaton is chairman of the committee, having charge of the fancy apron department and the ladies made eighteen pretty aprons to be used on that occasion. At the noon hour a splendid dinner was served.

The Queen Esther Circle of the Murrayville M. E. church held a business meeting Friday evening at the home of Mrs. Mary Crouse. The society voted to send a box of clothing and a Christmas box to Marcy Home in Chicago. A social hour followed the business session.

The Sunday school class of the Murrayville M. E. church, taught by Mrs. Lee Wyatt gave a party Thursday evening in honor of Miss Mabel Hart, of Nortonville, who is teacher of the primary department of the public schools of Murrayville. There were twenty present and after the business sessions a social hour was enjoyed and delicious refreshments served.

Mrs. John Spencer Hackett and Mrs. Frank Byrns have issued invitations for a reception to be given Thursday afternoon, Nov. 21, at Mrs. Hackett's home, 1404 South Main street.

The Woman's Foreign Missionary society of the Murrayville M. E. church was held Friday afternoon with Mrs. H. E. Million. There was a good attendance and the society is studying the book entitled "The New China." The first chapter was reviewed with Mrs. J. A. Biddle as leader. The meeting was a profitable one and after the program delicious refreshments were served.

Dr. and Mrs. J. C. Ames entertained the members of the faculty and trustees of Illinois college at their home, 1338 Mound avenue Friday evening. This was the annual reception and all the appointments were such as to make the occasion delightful in every detail. Dr. and Mrs. C. H. Hammelkamp, Dr. and Mrs. J. G. Ames, and Mrs. Jeannette Garrison were in the receiving line and the guests numbered sixty-five. The evening was spent socially and substantial refreshments were served by the Peacock Inn caterers.

Be sure to attend the last day of the anniversary sale at the Woolworth company 5 and 10c store today.

### WANTS BASKETBALL TOURNAMENT HERE

Secretary Ehrman Writes for Prospects of Holding District Meeting in Jacksonville Next Spring.

From all indications, Jacksonville will again have the honor of being the place where the Western League basketball tournament will be held next spring.

Superintendent Furr is in receipt of a letter from the secretary of the athletic association, Principal Ehrman of the Quincy high school, asking if Jacksonville would be able to handle the tournament for next year and on what terms. Jacksonville is the most central point of the district and the majority of the high schools in the district are anxious to come here. Strawn's hall is well adapted for basketball, being large, with excellent floor, and it is not at all unlikely that suitable arrangements will be made to bring the meet here.

WONDERFUL VALUES OFFERED TODAY AT HERMAN'S OF THE CREAM IN COATS, SUITS, FURS AND MILLINERY.

### SPEAKS AT CHAPEL.

Prof. William A. Gore, the new principal of the high school, attended the first chapel service Friday morning. He was introduced by the retiring principal, R. O. Stoops. Mr. Stoops took occasion to state the regret that he felt in leaving the school, because of the co-operation and good will that had always been manifested there and also of leaving the city, where he and his family had made so many friends.

Prof. Gore stated that he did not intend to make a chapel talk but that he would be heard, perhaps, in the future as often as the students would like to hear him. He expressed the wish that his coming meant for the best and he hoped that he might be a benefit to the institution in every way. He left a most favorable impression upon the pupils and he was heartily cheered when he arose to speak and after his short talk.

### TALKED ABOUT NEW M. W. A. RATES

Judge Cleary Argued Against Increases—Said Mismanagement by Officials Has Brought Disaster to Some Companies.

A fine, large audience gathered at Woodman hall last evening to listen to Judge M. H. Cleary of Galena, leading insurgent of the Modern Woodmen fighting the proposed increased rates. The gentleman is a plain, forceful speaker and carried his audience with him, his words frequently calling forth loud applause. He spoke two hours or more and any attempt at a complete report is impossible and some remarks only are herewith given:

### Mismanagement Brings Disaster.

"The chief argument proposed by our enemies is that the public has been led to suppose that we are doing business on inadequate basis. This is a weak argument. They call attention to the disasters that have befallen some societies on the assessment plan and then predict the same for ours. They fail to mention that old line companies fail also and that fraternal societies of the past never went on the rocks until the officials in power betrayed their trust and the people lost confidence in them. The trouble with those fraternal orders which failed was due to a betrayal of trust rather than fault in the organization of them."

"Change the policy of any society, betray a pledge to the members when they join and you will lose the young membership you need to make the society a success. In a good company old age is an asset and not a liability. Today when I receive an old man into the society I feel he is an asset and not a burden because he is an evidence that we are not in the graveyard insurance business. The law under which we are organized provides that the young shall pay enough to balance the rate naturally due from an older person. The men at Rock Island would change all that and say to the men who built up the order that we will give them no credit for building up the order but will re-classify the membership but will advance his rate and give him no credit for what he has done in building up the company in times past."

### Must Not be Recreant.

"By any such policy we break every pledge to the members when they joined. In the hearing before the senate they admitted they promised the members of the society that rates would be determined by age when entering and never be changed and if we change them now we are recreant to our trust. We have been going thirty years and that is long enough for a good test. We had on the witness stand two eminent actuaries of old line companies, Dr. Eldred and W. J. Dawson and they admitted that the average death rate of old line companies per year was from eight to ten per thousand so that eight to ten dollars a thousand should be a high enough rate. These men admitted that fraternal organizations like ours flourished in England and Germany but couldn't live here. I don't believe those Johnny Bulls or Germans can do anything that we Yankees can't."

The speaker then went on at length to explain that the matter was in the courts and that he had all confidence in Judge Shirley and felt all would come out right. He urged the members to be on their guard and elect the right kind of officers who would circumvent the nest of robbers at Rock Island. He advised them not to surrender or change their certificates and felt certain that not long after the first of January they would be paying old rates. The company had \$12,000,000 reserve and was piling it up at the rate of \$300,000 a month and that meant a great deal. He was heard with close attention and was often warmly applauded.

The meeting adjourned formally and the members remained to enjoy a time socially and discuss matters farther.

### ILLINOIS PLAYS SHURTLEFF TODAY

Local College Eleven Will Line up Against Fast Aggregation From Alton School.

Enthusiastic football fans are going to see a real article of football this afternoon at 3 o'clock, when the fast eleven from Shurtleff college, Alton, lines up against the Illinois college bunch. The keenest kind of rivalry exists between the institutions and with both squads in the pink of condition, a battle royal can be expected.

Illinois hardly expects to win, but will make a strenuous effort to keep the score down and to give the Altonites a hard race for the honors. It looks as though Shurtleff had the dope on the local bunch from the fact that Bradley Polytechnic of Peoria defeated Illinois by a score of 16 to 0 and Shurtleff beat Bradley by a score of 6 to 3. The game last year between Shurtleff and Illinois was a close one, Shurtleff winning by the low score of 3 to 0, after one of the most stubborn fought games ever witnessed on the Alton diamond.

Shurtleff has practically their old team and they play like lightning from the snap of the ball. They use the forward pass freely which is always interesting from the spectator's point of view and in their bunch they have a couple of men who are star actors.

Coach Harmon has had his players in hard practice in anticipation of the contest and he feels that his men are prepared to give a good account of themselves. The diamond is fast and the weather will be ideal. The Shurtleff players are expected to arrive at 11:15 this morning.

The following will be the line-up: Illinois—McLaughlin, left end; Russel, Kingsley, left tackle; Luke-man, left guard; Tandy, center; Holmes, Blacketter, right guard; Ross (Capt.), right tackle; Pierce, Karch, right end; Stewart, Gary, quarter back; Sorrells, Furr, left half; Alford, Jaccard, right half; Darragh, Dugger, full back.

Shurtleff—Wheeler, left end; Johnson, left tackle; Clark, left guard; Sloman, center; Scanlan, right guard; Snodgrass (Capt.) right tackle; Fleck, right end; Hall, quarter back; Kauffold, left half; Moore, right guard; Sutton, full back.

Referee—Meredith, Springfield.
